# THE FINEST MACHINES DESERVE THE FINEST PARTS...

...and the finest parts are genuine Vecoplan OEM parts!

A strong and worthwhile recommendation: Use only genuine Vecoplan OEM spare and wear parts for your Vecoplan machines and systems. We have developed each part in a complex engineering process to match every specification and level of development that only we are aware of. We KNOW your machine! We have the full knowledge and development experience necessary for producing a reliable spare part for your specific machine. Minimise the likelihood of a malfunction with genuine Vecoplan OEM spare parts and optimise the performance and functioning of your machines and systems.

## We offer you:

- Expert consultation
- Manufacturer guarantee
- Latest level of development
- Individual spare part packages

## The benefits for you:

- High stock availability
- Fast delivery
- 24-hour delivery within the continental United States
- Increased productivity and equipment availability
- Decreased downtimes
- Optimised cost/benefit ratio

**We stock parts to keep thousands of machines running daily.**

Vecoplan's parts department stocks a huge inventory of OEM factory replacement parts to keep your Vecoplan machinery running properly. Our friendly and knowledgeable parts consultants are standing by to help you figure out the correct part for your specific machinery, as well as give installation guidance. Our consultants offer advice on everything from replacing simple consumable wear items to the more complex assemblies and industrial controls. They can also work with you to coordinate spare parts packages for your shelf. Most parts are available for next day delivery. Please call us direct to place your order. And for new customers, don't forget to ask about our **NEW CUSTOMER SPECIAL**.

## Genuine Vecoplan OEM Cutters...

...quite simply a cut above the rest!

Genuine Vecoplan OEM cutters are designed specifically for your Vecoplan machine by people who KNOW your machine! Engineered to exacting specification to meet the most demanding tolerances, genuine Vecoplan OEM cutters are triple quenched for maximum durability and strength. Vecoplan OEM cutters are 4-sided - when a point begins to wear, simply rotate the cutter 90 degrees for a fresh, sharp point. The 4-sided cutters are precision fit on the rotor surface to provide a close .010 to .030 cutting tolerance.

Vecoplan OEM cutters are available in a wide variety of styles for our line of shredders.

## Genuine Vecoplan OEM Counter Knives...

Genuine Vecoplan OEM counter knives are designed specifically for your Vecoplan machine by people who KNOW your machine! Engineered to exacting specification to meet the most demanding tolerances, genuine Vecoplan OEM counter knives are designed for durability to provide the longest possible life.

**SOLVED**
